

Replace Popular Ford Starters

with one that is Smaller, Lighter & Stronger!!

Recommended upgrade for better performance on many applications.

Replacement Numbers

<u>Old Model #</u>	<u>Hi Torque#</u>
3124	3180GRN
3153	3180GRN
3168	3180GRN
3180	3180GRN
3132	3185GRN
3185	3185GRN

Benefits:

These starters provide a 50% weight reduction and require less cranking amps while cranking with twice the torque!

Because the PMGR starter is a smaller size, it provides better header clearance and reduces the effects of a hot start.
